

Custom Auto Response for CollegeView Web Site

Thank you for participating in Hobsons' CollegeView Web site. Students will receive a personalized message from you when they request information through our Web site. We will design your message to match your school's online admissions page. In addition, you can add up to five links to your message, driving students immediately to your Web site.

We've put together some guidelines that will help you produce an effective auto response message.

Please submit the following via e-mail, CD, DVD, or FTP site.
