

Homepage Ad for GradView Web Site

Thank you for participating in Hobsons' GradView Web site.

Homepage advertisements increase your visibility to the student audience and link students directly to your hub page. Because your advertisement will appear on the homepage, the quality of your ad is very important. You should keep copy to a minimum, and your ad should have a clear and concise message.

We've put together some guidelines that will help you produce a targeted, effective ad for our student readers.

Please ensure that your advertisement meets the criteria outlined in the following checklist. You can submit your materials via e-mail, CD, DVD, or FTP site.
